The olive oil tin collection on display in RUSTIC comes from Italy, given to Francis Coppola by Tiziana Guatelli, who began collecting these works of art as a young girl. This type of decorative printed can was created for export to Italian immigrants in the U.S. and thus portrayed images of their homeland. Tiziana spent many years looking for old cans, often visiting small companies that were going out of business. The extensive collection is comprised of more than 4,000 pieces including rare lithographic stones used in the process.
